

## 2.4 編輯課程類別

在「管理課程類別及課程」頁面 (如何進入此頁，請參閱2.3.1) 左側類別列表中，找到要修改的類別，點擊旁邊的「齒輪」圖示 (⚙️)，再按清單中的「編修」。

The screenshot displays the IDEALS™ interface for managing course categories. The top navigation bar includes the IDEALS™ logo, user profile (UA), and a toggle for '編輯模式' (Edit Mode). The main content area is titled '管理課程類別及課程' (Manage Course Categories and Courses) and is divided into two panels. The left panel, '課程類別' (Course Categories), shows a list of categories: 'Default' and '一年級' (Year 1). The '一年級' category is selected, and a red box highlights the gear icon (⚙️) next to it. A red arrow points from this gear icon to the '編修' (Edit) option in the left sidebar. The right panel, '一年級' (Year 1), shows options for building new courses and moving existing ones. The sidebar on the left contains various navigation options: 瀏覽 (Browse), 編修 (Edit), 建立新下層類別 (Create New Sub-category), 刪除 (Delete), 權限 (Permissions), 校定班級群組 (Assign Class Groups), 過濾 (Filter), 還原課程 (Restore Courses), and 教材庫 (Library).

進入編輯頁面後，可更改父類別、類別名稱等資訊。
